HOAGLAND'S
NEW PATENT SHAFT COUPLING!
W. E. COOPER
HAS PURCHASED THE RIGHT FOR THIS County of the above Patent and will hereafter use it in the construction of all the Vehicles manufactured at his extensive
Carriage Factory,
Corner of Second and Morrison Streets.
He respectfully refers to the following
CARD.
Having examined the New Patent Shaft Coupling invented by H. B. Hoagland, we feel pleasure in informing the public that in our opinion it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used
It fastens without bolt or screw and is therefore readily and speedily separated It rests on Gotta Percha so as to be entirely free from the rattling sound which so often disturbs restless horses It is easily changed so that the shafts or tongue may be detached in an instant and is convenient safe and secure
It is easy to change to this style of coupling any buggy or other vehicle now in use, and with small expense We have come to the conclusion to use this on seven on ourselves and recommend its use in all cases We consider it far superior to the Brewster Patent hereto fore considered the best in use

AT THE ANNUAL MEETING OF THE STOCK holders of the Helena Mill Company held at Helena, in Columbia County, Oregon, on the 1st day of January A D 1870 it was resolved that the capital stock of said Company be increased to the sum of Fifty Thousand Dollars, payable in monthly assessments of Ten Dollars per share on each share of said stock, and that the first assessment of said increase be made payable on the 1st day of February A D 1870 and the second assessment on the 1st day of March A D 1870 and the third assessment on the 1st day of April A D 1870 and the fourth assessment on the 1st day of May A D 1870 and the fifth assessment on the 1st day of June A D 1870 and that the Secretary of said Company be instructed to give notice of said increase and assessments as required by the By-Laws of said Company
Attest WM PERKINS Secretary
St Helena January 21, 1870 jan26d3w

By Overland Telegraph.

[DISPATCHES TO THE DAILY OREGONIAN.]

EASTERN DATES TO FEBRUARY 6

Congressional

WASHINGTON, Feb 4 In the House this morning on the question of privilege called the attention of the House to an article in the New York Tribune of February 2d charging members of Congress with receiving fees from parties in claims before Congress and in New Mexico Senator Sherman stated that he had received no fees, and that he did not believe any member of the House had done so. Trumbull explained that he had received fees in the Cherokee claims, but that they were fully authorized by the Department. Cox, Banks, Farnsworth and others explained that they had received no fees. Farnsworth moved that the Committee on Military Affairs inquire whether any member of the House had received fees and if so their names. Several members spoke in favor of the resolution stating that they had repeatedly heard charges of this kind made against members The resolution was adopted

Several private bills were passed

Lawrence introduced a bill to provide for a change in the mode of paying pensions The bill provides that the Secretary of the Treasury shall select in every county in the United States, either a National Bank, Postmaster, Assessor or Collector of Internal Revenue to prepare all pension papers free of cost to pensioners He shall be paid every three months instead of semi annually as now

The House took up the bill for the temporary relief of the poor of the District of Columbia Logan's amendment instructing the Secretary of War to issue rations to the poor, was adopted by a vote of 90 to 89 and the bill passed

The Committee on Pacific Railroads reported a bill relative to Western Pacific Railroad

The House adjourned with the understanding that the session to-morrow shall be for general debate only

In the Senate Sherman called up the bill authorizing the Secretary of the Treasury to withhold money from any States in default of payment of the interest of any of its bonds held in trust by the United States The bill passed without objections

The House bill abolishing the franking privilege was taken up

Sherman moved to amend so as to allow the free transmission of newspapers within twenty miles of the place of publication.

Drake thought the amendment did not go far enough, and proposed to amend so as to continue the provisions of the existing law in favor of publishers of newspapers and periodicals. After considerable discussion the morning hour expired and the consent bill came up, but Ramsey moved to continue the consideration of the bill to abolish the franking privilege, which was lost by a vote of 22 to 34.

On motion of Carpenter the resolution calling on the President for information in regard to affairs in Georgia, was taken from the table and agreed to

The Senate proceeded to consider bills of a private character, relating to the District of Columbia. Several passed

Casserly being allowed to make a personal explanation stated that he had misunderstood the resolution offered by his colleague, Cole relative to the recent seizure of whisky in California, and did not learn the true report of it until after its rejection He had subsequently introduced a resolution directing the Attorney General to institute proceedings in the matter, although he did not believe there was prima facie cause against the property, he still entertained this belief As the proposed investigation would entail a heavy expense upon the claimants of the property, he now asked unanimous consent to withdraw his resolution Cole objected and the resolution was not withdrawn.

On motion, Robertson's bill relieving the legal political disabilities under the Fourteenth Amendment of a large number of persons in various States was taken up Robertson offered an amendment inserting additional names

Ames said that he had been informed that among the names proposed to be added, was one of a person in Tennessee against whom ten additional indictments were now pending

Pending consideration of the bill, the Senate adjourned until Monday.

New York News.

NEW YORK, Feb 4.—The Turfman's National Congress has adopted rules for trotting, of the most stringent character, to insure strict honesty and respectability in future contests It has adjourned until the first Tuesday in February next It adopted for a title "The National Association for the promotion of the interests of the American Trotting Turf"

NEW YORK, Feb 4—The jury in the case of Christian Hauge, indicted for manslaughter in the second degree for killing Milton Carpenter at Tremont, brought in a verdict of not guilty

A remarkable clerical scandal is reported in the Philadelphia papers The delinquent is a Catholic Priest, name unknown, and the victim of his wiles Miss Louisa Dolan, who had mysteriously disappeared The Rev Mr Harley, of the Second Reformed Church, received a letter from Miss Dolan, in which she stated that she is confined in a cell of the Catholic Church and is to be sent to a Nunnery in Milwaukee The affair creates much excitement in religious circles of the Quaker City

NEW YORK, Feb 4—Two scoundrels, assisted by a couple of hundred thieves and murderers, mashed each other for an hour and a half near the Palisades yesterday Dempsey, the favorite with the betting fraternity was badly beaten When the referee Jerry Mulligan announced the result a fight ensued The mob drew knives and pistols and began an indiscriminate battle among themselves several men were badly wounded The whole party returned breathing mutual vengeance toward each other

NEW YORK, Feb 4 Assessor Webster's great raid on Wall street formally closed yesterday Judge Pierrepont on Thursday morning received a communication from Washington containing an order for the distribution of the amount received from the brokers The order gives the Assessor $24 000 as his portion The present Assessors and various officers of the Court received small sums as fees for the prosecution of the various cases About $25 000 have been paid by defendants into the Court Mr Webster begins war upon August Belmont and the foreign bankers next week This class have not paid any tax whatever on the capital in active use although it is known that they transact business to the amount of millions of dollars annually The legal papers and returns necessary to institute proceedings against these bankers will be filed next week

NEW YORK Feb 4—An immense crowd of people attended the funeral services of Anthony Warren at John Wylie Wynnock to the Methodist Church yesterday

By order of Collector Grinnell the New Weighers on Thursday drew the line resulting in an entire change The Weighers entered on the duties of the new districts yesterday

Prince Arthur was at the Philharmonic rehearsal at the Academy yesterday afternoon He was was greatly draped with the English and American flags The Prince William Cullen Bryant and daughter occupied the same box The audience were the only ladies but the distinguished visitor was cheered and the orchestra broke away from the regular programme and played God Save the Queen"

Extensive preparations are being made at the Brooklyn Navy Yard for the reception of the British war steamer Monarch The ship will be dressed in full style

The steel is being directed to Wells Fargo & Co's express Under the new regime take place to-morrow The Board will probably consist of Sherman New York and Fargo in addition The question of having the first Pacific train from San Francisco has been agitated but for the present will remain as this is

A motion was made by the prosecution in the Court of General Sessions to-day to remand to the trial of McGlynn for the murder and Jennings The motion was opposed by counsel for both and as prejudicial to the interests of justice

The American Foreign War Loan Company file several certificates of incorporation The company were duly sworn to by Henry Clews brokers in Wall street and were filed in the office of the Secretary of State

MORNING, FEBRUARY 7, 1870.

The Kilkenny Cats of Idaho.

Dispatches states that Dr. Bard of has been nominated for Governor of to succeed Gov. Ballard whose term pire next May We have been looking nething of this kind to occur, though ministration of Gov. Ballard has been e and successful in the ordinary sense word, as would have been that of any nan, perhaps. We do not know positi that Governor Ballard has sought to be inted, but the presumption is that he d that he has failed for a reason. His cannot be attributed to lack of admin ve ability or devotion to Republican ples, for he has manifested both in and most satisfactory ways. In our on, that he is to be superceded, be attributed to the unfortunate, ceful and disorganizing quarrel n has been going on among the old of- and those who were appointed last by President Grant. The former, assist- unwise counsellors, immediately upon appointment of Judge Noggle and one or others, began a fierce warfare upon the e, calling them carpet-baggers, circulat- reports prejudicial to them in various , and engaging in intrigues for their re- l. The new appointees, of course de- d themselves as well as they could, fre- tly by questionable, expedients and, if may believe common report, by entang- alliances with certain political influences h no Republican should ever seek. The rel has become notorious, bitter, and aceful to all parties engaged in it. It arrived at such a pitch as to be utterly nalizing to the Republican party of the tory, and if permitted to go on, will be a reproach to the appointing power.

is, doubtless, with a view to correct this e of things that the President has named ccessor to Gov. Ballard; and the predic- may be ventured that, in due time a ll the remaining officers will be sent retirement. At all events, in justice to good fame of the President and the Re- lican party, every one of them who can shown to be engaged in the disreputable d, whether an old or a new appointee, uld be displaced and men appointed who dignity enough of character and respect gh for themselves and the appointing er, to behave like men and to attend to ir official business, instead of engaging Kilkenny cat fights among each other. A n sweep in Idaho would serve as a salu- y lesson

Oregon Resources.

We invite attention to what our Washing- correspondent says concerning the pros- ts for aid to the railroads on the west side he river. The statements are corroborat- by news from other sources from Wash- on; so that it would seem the reports ich were current here some days ago, were without solid foundation. Mr. Gaston, sident of the West Side Railroad Compa- and Judge Olney, representing the Asto- and Salem company, are working together the utmost harmony and as practically con- ate the interests of the two roads. In opinion this will prove a fortunate ar- gement for all concerned, as the connec- of Astoria with the interior points will rapidly command itself to Congress as a nec- ary military measure, while the subsidy of ds for the combined roads will be more ainable and more quickly available than that any other road in the State. As we under- nd the matter the interest in any grant ob- ed will be greater, so that it may be at once d the completion of the road. Portland and tributary section of the State. This is of the utmost importance to this city and country west of the Willamette river, and we ope that the parties interested, in the im- diate prospects of an early resumption of work. Deserving, feeding, as it does, intelligence, the act of Congress granting the subsidy ld that is now wanting to enable the com- nies to close contracts for material nnfi- nt to complete the first section during the ing season. As to the reasonable expec- on that Congress will act promptly and orably, it may be mentioned that in this there are no adverse influences to over- e, while it may be easily shown that the nt of land will not only not reduce the antity of available agricultural and pastoral s along the line, but will add thereto by ning communication with many small eys between Astoria and Hillsboro, which now practically unavailable for settle- t.

The Indian Treaties and the Railroads.

The dispatches say that Secretary Cox has ided to recommend to the President the dra wal of certain Indian treaties, "which provide for the sale of the lands to the road corporations." The language, as is ient from the context, should be the thdrawal of those which provide for the ," etc. It has been understood all along the policy of the Administration has n to preserve the public domain for actual lers, as far as possible while extending per aid to meritorious railroad schemes to other internal improvements. If these ian lands are to be taken from the juris- ion of the reservations for the purpose ely of selling them to railroad corpora- s, the people ought to protest against it they will. There are doubtless many ds of valuable land now included in Indi- reservations, which ought to be made sub- to private entry by actual settlers and to e others. We have some such lands in gon, but we do not fancy that, with all anxiety for railroad building and our erosity toward such enterprises, the peo- would be willing to see such lands restored sale only to see them go into the maw of road or other corporations. The treaties rred to are evidently swindles and we ll hope to see them rejected.

LETTER FROM WASHINGTON CITY.

NOTES AND OBSERVATIONS.

WASHINGTON, D. C., Jan. 13, 1870.

The present winter in our Eastern States is on btedly an unusually mild one, but the person o comes East in winter, after a continuous dence of a number of years on the Pacific e will, in the mildest winter, find his blood led almost to the temperature of snow froth. feel as if the winds were sending icy arrows ough and through him. It only requires a ney from Chicago through Michigan, New k and Massachusetts, in mid winter, to show people who have had some experience in the ate of the Pacific coast, never return to any r Middle and Eastern States to live.

t New England, with its rigorous winters ungenerous soil, is, after all, the most prosper portion of the Union. Nature has done little that section, but industry has achieved won- ders. All is activity, and the ingenuity of the people has developed wealth in a thousand ways unthought of in the newer States. Almost every commodity, great and small, from toys and gim cracks to the greatest and most important articles that find a place in the world's markets, is pro- duced in New England manufactories. Nothing is neglected. The manufactory of condensed milk finds a place among establishments which turn out the heaviest machinery, and busy mar- bles come forth from that busy hive of industry along with cargoes of boots and shoes. One who has long been accustomed to the Far West, will see at once on visiting the East what the West re- quires for the promotion of its prosperity. A di- versified manufacturing industry is its urgent want. Nature has planted with a lavish hand the elements of wealth upon the Pacific slope, but they are yet unavailable and unproductive be- cause they have not been combined with intelli- gent, enterprising labor. If they could be brought into contact with the active, energetic, methodi- cal industry of New England, what a change should we observe! All the working people in New England have money in the savings banks, and many of them are owners of United States bonds. Throughout all the older States, including New England, New York, Pennsylvania and many others, the saving banks, the depositories of the working people, never contained so much money as now. There is less poverty, fewer indi- gent and needy people, than years ago. That well-rounded assertion, so often made by mere talkers, simply because it fills the mouth with voluble utterance, viz: "The rich are growing richer and the poor poorer," is only half true in fact and totally false in insinuation. The rich, many of them are unquestionably growing richer; but it by no means follows that the poor are growing poorer. Even in the older portions of the Union labor was never so well rewarded as now, and the work- ingman can save from his earnings now twice as many dollars in the course of the year as he could twenty years ago. In the city of Springfield, Mass., in 1860, there were two savings banks, whose aggregate deposits were $1,400,000. There are now three savings banks in the city; in two of them the deposits amount to $1,400,000, while the deposits in the third exceed $3,000,000. This is not an isolated instance, but one which finds its parallel all over the Middle and Eastern States. In 1869 the aggregate deposits in the savings in- stitutions of the Union were more than twice as great as in 1860. In the homes of the country there is more comfort now than at any former time. There are poor people, it is true, but the great mass of the population were never better contented and never so prosperous. These are facts which no observing person will question.

OREGON AT WASHINGTON.

Our State is rapidly growing into favorable no- tice here and elsewhere throughout the East. Most people are learning where Oregon is, and the Oregonian who appears here is gratified with fe- ridiculous questions about his State that were formerly current him. This implies a better knowl- edge of Oregon at the East than has prevailed heretofore. The name of our State is now suffi- ciently familiar to Eastern people generally to sug- gest at least some idea of our geographical situa- tion, and they no longer look with muzzy astonish- ment at a person who informs them that he comes from Oregon. Our Senators have done much to give Oregon position and standing at Washington, and to make their State known to the country at large. Their industry and promi- nence here are fully adding the name of Oregon with the growth and progress of the nation; and to their ability and position we owe it that no State stands higher in the Senate, and few exert more influence with the administration than our own.

OREGON RAILROAD MATTERS.

A measure is now under way here to harmonise Oregon railroad interests, to quiet the dissensions which have hitherto distracted the people on op- posite sides of the Willamet river, and to furnish a basis on which the "west side" counties may obtain the railroad facilities which they are so anxious to have and which they so urgently need. The basis has been agreed upon, and it is under- stood to be reasonably satisfactory to those repre- senting west side railroad interests. The land grant about which there has been so much contro- versy heretofore, will be conceded to the railway on the east side, without further contention; and to compensate for this, and to ensure the construc- tion of a railroad on the west side, a land grant will be asked for for a road from Portland to As- toria, with a branch to McMinnville, which, of course will be extended with all convenient rapid- ity further up the valley. A bill has been drawn up and will be presented to Congress at once, to secure this grant to the company headed by Mr. Gaston, which has heretofore been engaged in con- structing the west side railroad. All the details have been arranged in respect to the bill, and as it has been drawn after consulting with parties connected with the west side railway interests it may be supposed that it will be accepted by them. A compromise and combination have been effected with parties interested at Astoria who have had in contemplation a project for a road from that place to Wallamet valley, and who have heretofore made some preparations for pushing it for- ward. The grant asked for will not interfere in any way with any franchise claimed by the east side, and its actual value will be greater than that of any other grant of equal length in western Oregon. It is well known that there are large bodies of excellent land lying be- tween Forest Grove and Astoria, very little of which has yet been occupied, and this grant will open that region for settlement, and at the same time furnish the Company with credit to enable it to push on the enterprise. Assurances are given that so soon as the bill passes, negotiations for iron and rolling-stock will be concluded, and the business dispatched in such a way as to ensure the completion of at least twenty miles of road during the present year. It is confidently be- lieved that there will be no objection in Congress to the passage of the bill, and parties here who are interesting themselves in the matter are full of confidence that good results will follow from it—that is to say, that the construction of a rail- way for the west side counties will be made a cer- tainty and be speedily accomplished. If our conflicting railroad interests can be harmonized— and there is little doubt that this new project will lead to that result,—the effect will be a happy one for our State, and we shall witness within the next few years a development of our activities and an enlargement of our industries which, when compared with the past, will seem truly marvellous.

THE NORTHERN PACIFIC.

There is little doubt that the construction of the Great Northern Railroad will be commenced early in the coming spring. The land grant will soon lapse to the Government unless a portion of the road is built; and this fact will stimulate the Company to make a beginning. Jay Cooke has the undertaking in hands, and is authorized to negotiate bonds to any amount which may be re- quired. It is understood that large contracts have already been made for labor, iron, and other materiel, and the managers say they will com- plete two hundred miles of the road by the close of the present year. The starting point will be Duluth, on Lake Superior. An effort will un- doubtedly be made this winter to obtain further aid from the Government, but it will fail. The land grant is amply sufficient to build the road, and the Company, knowing this, will commence their work rather than forfeit so magnificent a franchise. Unless forty miles of the road be com- pleted by July next the grant will expire by limi- tation.

GENERAL ITEMS RELATING TO OREGON.

There seems to be some misapprehension in Or- egon relative to the proposed lighthouse at Ya- quina Bay. No appropriation has yet been made for its erection, but the Lighthouse Board have agreed to recommend it, and an appropriation will be asked for that purpose, and no doubt will be obtained. But it must wait as to come in the regular course of appropriations, which will hardly be reached before May or June. This statement of the case may serve as an explana- tion for persons in Oregon who, under the impres- sion that an appropriation had already been se- cured, have been urging that the work be at once proceeded with.

It is stated that there is no copy of the Laws of Oregon in the Congressional Library, and that the Librarian, though he has often written on the subject, has been unable to obtain them or any other documents from our State which should be on the shelves at the National Capital. This neglect should be continued no longer. Oregon is the only State whose laws, legislative journals, etc., are not found in the Library of Congress.

The bill for the Columbia river branch road, introduced by Senator Williams before the recess of Congress, will pass, it is believed, without ob- jection.

A number of Oregonians are in Washington, including Judge Olney, Messrs Gaston, Thomp- son of Oregon City, Dowell of Jacksonville, and several others.

The appropriations necessary to push forward the Government buildings in Oregon, including the branch mint at the Dalles, will be secured.

S.

It is rumored in Montreal that Mr. George Brown, of the Toronto *Globe*, is about to re-enter the political field and head an opposition to the Canadian Government, on the Red river question

LAST NIGHT'S DISPATCHES.

DISPATCHES TO THE OREGONIAN.

EASTERN DATES TO FEBRUARY 5.

Seizure of Illicit Distilleries.

WASHINGTON, Feb. 5.—Internal Revenue In- spective Carolan reports to Commissioner Delano under date of Augusta, January 31st, a very success- ful raid in the Fourth District of Georgia, in which eighteen illicit distilleries were captured, and a number of men engaged in running them. The distance travelled was 700 miles.

Washington Matters in General

CHICAGO, Feb. 5.—A Washington special says the President is decidedly opposed to appointing a man from the Southern circuit to the Supreme bench and so is Attorney General Hoar. They declare all those named unfit. An effort is being made to secure the appointment of Jas. D. Wil- son, of Iowa.

In the month of January the Postoffice in Washington sent over 237,000 franked letters at a cost of about $15,000, and one hundred tons of printed matter, at a cost of $38,000.

WASHINGTON, Feb. 5.—The House met for dis- cussion with about thirty members present. Mr. Sargent made a speech vindicating a remark of his in a recent discussion on the general disloyal- ty of the Democratic party. The other speakers were Mr. Packard of Indiana, in support of the policy of the Republican party; Mr. Sheldon, of Louisiana, Mr. Raynor on the abolition of the franking privilege, Mr. Biggs on general politics; Mr. Lawrence on the mode of paying pensions.

WASHINGTON, Feb. 5.—The President will on Monday next issue a proclamation to ratify the treaty between the United States and China and giving the full text of the same.

The House Naval Committee hope to be able to agree on a measure satisfactory to both staff and line officers of the Navy. They are opposed to the bill proposed by Secretary Robeson. Neither staff nor line will get all they demand.

Brigadier General H. D. McKinney, unattached, is detailed for recruiting service and ordered to report to General Hoffman, Superintendent of re- cruiting in St. Louis, for designment.

The following officers, unattached, are relieved from duty as Indian Agents and ordered to pro- ceed homeward to await orders: Major J. A. Hern; Captains W. H. Merrill and O. C. Knapp; First Lieutenant J. K. Sellers. The following are detailed for duty as Indian Agents and ordered to report to Commissioner Parker for assignment: Capt. M. Belle; First Lieutenant M. R. Bourne. There is no doubt that Minister Hugh Ewing will be recalled from the Hague. His friends have ceased their efforts for his detention.

Representative Hoag, of Toledo, died to-night at nine o'clock of pneumonia.

A Sensation in which Prince Arthur figures.

NEW YORK, Feb. 5.—A rumor reached the police last night that an attempt would be made on the life of Prince Arthur. An officer was detailed to watch the Prince's party, and as they proceeded from the Brevoort House to the re- sidence of Judge Stoughton, corner of Fifth Ave- nue and Seventeenth street, a party of ruffians sta- tioned near the Brevoort House approached the offi- cer and drew revolvers and told him to leave. The officer got reinforcements, returned and attacked the ruffians, and, after a severe fight, arrested Wm. Murphy, Pat McBride, Chas. Gardner, John Lough and Michael McNulty. Lough is an Eng- lishman; Gardner is a native. The party re- fused to make any explanation of their conduct. They were arraigned in the police court this morn- ing on a charge of assaulting an officer, there not being sufficient proof to establish a design on the Prince's life. They were committed.

NEW YORK, Feb. 5.—Prince Arthur left this afternoon for Boston to attend the Peabody obsequies on this day. There is no more truth in the report of an attempt to assassinate the Prince than the rumor that such a thing was in- tended. Several arrests have been made. The Prince's friends deny the correctness of the story. The men under arrest profess to know nothing of it, and the belief is general that it is a hoax.

New York News.

NEW YORK, Feb. 5.—A large quantity of spirits was seized to-day in the rectifying establishment of Brott & Kearney, for alleged violation of the revenue laws.

An explosion occurred yesterday in the dye house of the New York dyeing and printing establishment on Staten Island. Four of the employes were frightfully burned. Loss slight.

The following persons were chosen Directors of Wells, Fargo & Co's Express: Leland Stanford, Lloyd Tevis, M. S. Latham, D. O. Mills, C. P. Huntington, W. G. Fargo, A. H. Barney, J. C. Fargo and B. P. Cheney.

West Virginia Legislature.

WHEELING, Feb. 5.—The Senate last evening by a vote of 14 to six concurred in the House res- olution for the impeachment of Judge Harrison, of the 7th judicial district.

In the House yesterday there was a prolonged contest over the registration question. The lib- eral and straight Republicans with few exceptions united in the passage of the bill vesting the power of appointment in the Governor.

Fatal Blows.

ST. LOUIS, Feb. 5.—In a street quarrel at St. Joseph on Thursday night, H. L. Church, conduc- tor on the St. Joseph and Council Bluff Railroad, shot and instantly killed Michael Culligan. An- other row between two parties at Rushville, cul- minated in a fight, resulting in the death of two brothers named Hursh.

Tennessee Congressman Censured.

NASHVILLE, Feb. 5.—The House of Represen- tatives have adopted a resolution censuring Con- gressman Smith for furnishing his frank to mem- bers of the Legislature for their use in transmit- ting documents to their constituents and calling the attention of Congress to his conduct.

Florida Impeachment Case Ended.

TALLAHASSEE, Feb. 5.—The impeachment of Governor Reed was killed in the House last night by adopting a minority report. The vote was 30 to 21.

Denver Pacific Railroad Bonds Sold—Colorado News.

DENVER, Feb. 5.—The million and a half of Denver Pacific Railroad bonds were sold in Lon- don January 3d, and the sale was reported by cable telegraph yesterday and caused great rejoic- ing. The company promises to complete the road to Denver in four months.

Work on the Kansas Pacific railroad is progress- ing at the rate of a mile per day.

The agents of several extensive colonies pro- posing to locate in Colorado next spring, are now here to make final preparation for purchasing stock, work cattle, etc. A delegation is expected soon.

The first heavy snow of the season began on Thursday night. Eight inches fell.

From Montana.

FORT BENTON, Montana, Feb. 5.—The half- breed Indians who have just arrived from Indian camps on the marsh report that the Indians are dying at the rate of 25 per day of small-pox, and begging whites to spare their lives. The report that the Montana chiefs bond and others, had declared war, proves wholly untrue.

ST. HELENA, Montana, Feb. 5.—By recent arrivals from the Missouri river mining district we learn that it was impossible to prospect further at pres- ent on account of depth of snow. Reports from Cedar Creek district are more favorable. Weather clear and cold.

From Halifax.

WASHINGTON, Feb. 5.—Halifax papers report that at a meeting held at Margonish, Pictou county, a resolution was passed declaring the Confederation a failure, and urging the general legislature to move for annexation to the United States.

A Union Association has been formed in Prince Edward Island, the object of the society being to forward the cause of the confederation.

Mexican and St Domingo News.

CITY OF MEXICO via HAVANA, Feb. 5.—An at- tempt by the troops to assassinate Lerdo de Tejada and proclaim Santa Anna, has been discovered and frustrated. The leaders were arrested and lodged in jail. Order has been restored.

Pueblo authorities of Michoacan are arming the troops. The real purpose is unknown, but the pretence is to preserve peace. Troops have marched from Vera Cruz against the Orizaba in- surgents. Gen. Rodriguez has joined the insur- gents. A battle took place at San Luis Potosi on the 14th of January between the insurgents and Government troops. The insurgents were victo- rious, capturing 20 pieces of artillery and com- pelling Gen Riche to fly in haste. It is believed that Gen. Negrete is concealed in this city, work- ing in favor of Santa Anna.

St. Thomas, Feb. 1.—Gen. Lopiron has passed through here *en route* to Jamaica.

PUERTO CABELLO, Jan. 24.—The revolution spreads. President Monagas has taken the field in person. The banished Democrats have ar- rived here.

ST. DOMINGO, Jan. 20. The revolutionists, headed by Pimental, are marching northwest and have captured Guajos.

Miscellaneous.

BOSTON, Feb. 5.—Sargent's wheel manufactory west of Amesbury was burned last night with three buildings; loss forty thousand dollars; insured for twelve thousand.

TROY, Feb. 5.—Hon. John Wentworth, of Chi- cago, died to-day.

PROVIDENCE, Feb. 5.—Rufus B. Kinsley, pro- prietor of the Kinsley *Express*, died this morning.

INDIANAPOLIS, Feb. 5. A boiler in Sinker & Co's machine works exploded this morning. The engineer has very badly injured, and two or three others slightly.

LOUISVILLE, Feb 5.—The *Courier Journal* pub- lishes the full circumstances attending the at- tempted removal of General Thomas by Grant be- fore the battle of Franklin. Halleck disclaims having alluded to the subject at a dinner in San Francisco, but admits having pocketed Grant's order relating to Thomas and appointing Schofield to his place.

BY THE CABLES.

PARIS, Feb. 5. It is reported to-day, that Lucien Arbie, provost parcelet, the celebrated author, has been appointed Minister of France to Washington.

LONDON, Feb. 5.—It is reported that the Cabinet has settled upon a land bill for Ireland. The new bill proposes to give security of tenure by confirming and assuring the same rights to ten- ants-at-will under the best customs of the province of Ulster. It refers the disputes con- cerning improvements of land by the tenant, and the amount of rent to a tribunal, with power of summons for jurisdiction.

LONDON, Feb. 5.—The *Times* has an editorial on American legislators and legislation, with comments on the composition of the House of Representatives of the United States Congress. The writer attributes the fault in American legis- lation to the absence of ability in the House of Representatives, the natural consequence of pop- ular elections. The Senate, however, is better, the *Times* thinks, because the members are other- wise chosen.

Manufacturers here are preparing to take ad- vantage of the expiration in March next of the Bessemer street patents.

The *Saturday Review* predicts that the cash land question bill for regulating the ballot and the division of education, will engross the atten- tion of Parliament at the coming session.

Extraordinary scenes are occurring at the tele- graph offices throughout England. The disaffec- tion is universal. Complaints of delay and errors have been greatly multiplied since the new arrangement went into effect. In the city, par- ticularly, crowds of people surround the offices, and there is the utmost confusion.

The movement for the abolition of university tests has been renewed vigorously. A large meet- ing was held at Plymouth last evening, and reso- lutions looking to that end were unanimously adopted. Meetings are to be held elsewhere.

The Pall Mall *Gazette* protests against the interruption of the Anglo-Chinese trade in opium, as contemplated.

Recently there has been an improved demand for American bonds, both Federal and State.

ROME Feb 5.—The *Civita Catolica* has a remark- able article entitled "Les Manvais Politiotte Con- cile." After referring to the menaces against the Ecumenical Council establishing decrees contrary to the modern idea, it says the bishops will de- spise the governments that make laws at vari- ance with the decrees of the Council. To exact obedience to such laws would be odious tyranny. If the governments separate Church from State they must expect terrible revolutions to overthrow them. France alone has been true to the Concordat, and the Council will bear this in mind.

ROME, Feb 5.—Another session of the Ecumen- ical Council was held yesterday. The Archbishop of Turin denounced a mass. Five Fathers deliv- ered addresses. The Committee on Postulata meets once a week. The committee has completed a great part of its work.

MARSEILLES, Feb 5.—Great excitement was occasioned this morning by the falling of two houses. Twelve persons were buried in the ruins. It is not thought that all were killed, but two bodies have been recovered from the debris.

MADRID, Feb. 5.—It is reported that the Duke of Montpensier's candidature for the throne of Spain, will be altogether abandoned. Prince George, Catholic, 37 years of age, son of the King of Saxony, is now talked of in some quarters, while others propose Prince Charles of Prussia.

The clerical estimates passed the Cortes yester- day afternoon after strenuous opposition.

Editorial Notes.

Says the *Herald*: "Is it any wonder that the masses are seriously contemplating repu- pudiation?" The masses are doing nothing of the sort. The repudiationists are but a mere faction of the masses—only a part even of the Democracy. The more respectable and honest even of that party repudiate the "red-hot" repudiationists as dishonest and as a disgrace to the party.

On the 14th of January, Senator Corbett presented to the Senate, the petition of citi- zens of Portland connected with the Labor Exchange Association, asking for the sale of the Umatilla Indian Reservation; remarking thereon that "That reservation occupies a large extent of territory in our State, upon which there are about eight hundred Indians. The petitioners pray that some provision be made for removing them to other reserva- tions, thereby opening a large and useful tract of land to the citizens and settlers of the State for settlement." The petition was referred to the Committee on Indian Affairs. This matter is now before both houses of Congress, and the petition will, doubtless, be acted upon favorably at an early day.

The editor of the *Press* is evidently indig- nant because we did not mention that paper as among the pretenders to the Democratic nomination for State Printer. We should have named the *Press* in that connection only it would have been so ridiculous to speak of anything so ancient in connection with the movements of the "boys." The *Press*, how- ever, gets some satisfaction by disposing of the matter without mentioning the *Herald* at all as a competitor of the Albany *Democrat*. Messrs. Bellinger & Brown are partners in the *Democrat*. We said Bellinger would get the nomination unless induced to forego it. The *Press* says Bellinger will not be a candi- date but Brown will—a distinction without a difference, as most people will see it. There is consolation in it, however, to the *Press* editor—the candidate will be a Brown, if not B Brown.

SHEPARD RUBBER BOOTS.

(Patented December 1st, 1868.)

LEATHER (OUTSIDE) SOLES.

IRON CLAD HEELS.

THE USUAL WAY OF NAILING LEATHER SOLES on Rubber Boots makes holes quite through the Soles, which are sure to leak. These Leather Soles are fastened by anchors embedded in the Rubber when the Boots are made, but do not go through the Soles. The Boots are therefore perfectly Water-Proof, and the Soles can be mended without making them leak. They will wear three or four times longer than the ordinary double-sole Rubber Boots.

MONDAY MORNING FEBRUARY 7 1870

CITY.

WHO IS IT — One of our colemporar es inquired a few days ago who it was that was selling whisky to the Indians about Portland Yesterday we learned from a resident in the northern part of the city that the Indians living at that end of the city have at times and frequently t been very boisterous and have become a serious annoyance to the people in the vicinity Those drunken savages, mad dened with bad whisky are in the habit of passing too and from the business part of the city to the shanties at a late hour whooping and yelling like demons and frighten ing those who are unprotected The police ought to pay some close attention and find out if possible, where these Indians procure the liquor, and try to bring the violators of the law to the bar of justice

ROLL OF HONOR —The following names are on the roll of honor of the Harrison Street School for the month ending Feb 4th

1st Grade—Fred Martin Eddie Burrage Chas Warnstaff, Anna DeLin, Minnie Welch, Lilie Sullivan Mary Field, Nettie Dudley

2d Grade—Hiram Bennett, Mahlon Rhodes, Arthur Fay John Carroll, Fanny Garsline, Alice Darr,

3d Grade—Sophie Schmeer, Belle Murray, Emma O Brien, Katie Kingsley, Grace DeLin Eugenie Coombs Katie Field, Alice Peterson, Annie Parrish Belle Garsline, Ada Gray Mary Pinkinson, Bascom Bennett, Montie Fickle, Clement Locum

4th Grade—Charles Lownsdale Freddie Lownsdale, Willie Winters, Willie Besser, Josie Lambert, Clara Rhodes, Minnie Garsline

FATAL ACCIDENT —A few days ago we recorded the death of a child of Mr Tracy resulting from scalding. On Saturday last, in the afternoon, a very similar accident occurred in the family of Mr Wallenstein, who lives n First street near Salmon A tub of boiling water had been set out in the dining room, to be used in scouring the floor, when a girl, aged about four years, daughter of Mr. Wallenstein, stepping backwards fell into the hot water and was so badly scalded that she died in a few hours These two accidents, so similar and happening so nearly simultaneous, should, and certainly will be a warning, and cause people to use more care in such matters

MULTNOMAH LODGE —The installation of officers of Multnomah Lodge No 12, I O O F, took place last Saturday night, when the following officers were installed for the ensuing term W E Thornton, W C T, Mrs Jane Clay, W V T; Ward 6 Stevens, W S, Mrs. Maggie A. Stevens, W A S, John B Garrison, W F S, Mrs. M A Howe, W T, Charles C McCrimmon, W. M, Miss Olive Clay, W D M, Miss Mary Barkwell, W. I G, Miss Irene Quivey, W. R H S; Miss Mary Sanders, W L H S, Rev. William Roberts, W Chap, Jacob Sidsel, P. W C T J N Dolph was chosen Lodge Deputy

PASSENGER LIST.—The passenger list of the *Ajax*, which sailed for San Francisco on last Saturday, was as follows J W Weatherford, A. Bock, Mrs R B Nixon, Miss M Waldman, Mrs Geo H Clark, M W Henderson, Mrs Clemens and child, J S Rodgers, T M Reed, J Driggs, Miss L Good, W H Reid, A Satro, E A Shaw, Mrs White and family, E L Sanderson, wife and child, D Van Liew, Jas Jackson, Jr, Mrs M Logue, S Schwabacher, Wm Currier, Willis Barden, Seth Catlin, W N Snyder, Ah Wing, (Chinaman), Wells, Fargo & Co's messenger and six in the steerage.

PORTLAND LIBRARY.—From the reports of the President and Librarian of this Association, published elsewhere, it will be seen that it is enjoying a good degree of prosperity The total receipts for the past year were $3,715 65, the expenditures, $3,979 60. The number of books in the Library is 3 180, 507 volumes having been added during the year. The number of members is 256 Sixty-eight per cent. of the books read by the patrons of the institution are works of fiction. Fewer works of a religious character are read than of any other kind.

ATTORNEY FOR CHINESE —J. F. McCoy Esq, of this city, showed us yesterday a Power of Attorney executed by all the Chinese merchants doing business here, constituting him their agent, with full power to transact business in behalf of, and sign the names of their respective firms and companies. The document is quite complimentary to Mr McCoy for services, and is signed in English and Chinese, duly stamped and acknowledged. The Chinese appear to consider him a true friend, and recommend him to their fellow countrymen on this coast.

A FIT APPOINTMENT.—Col T J Dryer, whom everybody in Oregon has known for years, has received from Gov. Woods the appointment of Pilot Commissioner, to succeed Capt. John H. Couch, deceased. Mr. Dryer is an old pioneer and friend of Oregon and has had much to do with the development of the resources of the country. We congratulate our old friend on his appointment and, with many of the citizens of Portland, consider the action of the Governor as one eminently appropriate.

RAILROAD NEWS.—We clip the following from the Washington correspondence of the Jacksonville *Sentinel*: Mr Joseph Gaston, of the Westside railroad, and Judge Olney, of the Portland and Astoria railroad, who are here applying for land grants, are understood to have united their claims, and a bill will be reported from the Senate Committee on public lands to the two jointly, early in the season Negotiations are also in progress for the shipment of iron, immediately on the passage of the bill.

DRAMATIC.—On next Wednesday evening our people will be glad to learn that Mrs F. M. Bates will make her re-appearance on the stage at Oro Fino Theater. We are sure that she will be heartily welcomed by the public Her former success is indicative of a liberal patronage by the lovers of legitimate drama during the approaching season She is beyond doubt the favorite actress with Portland folks

MEETING.—A full attendance of the members was present at the meeting of the Library Association on Saturday evening The Librarian and President submitted their annual reports, which represent the Association to be in a good condition and prosperous. These reports will be found on our fourth page, and give a very explicit view of the operations and progress of the society

COMING TO PORTLAND —We learn that E F. Russell, Esq, of Albany, will soon remove to this city to settle permanently Mr Russell has been a resident of Oregon for a number of years and has a large circle of friends throughout the State He is an able member of the bar and will be found to be a good member of society generally We will welcome him among us

THE THEATER.—The attendance on Saturday, both in the afternoon and evening at the theater, was good, and all were pleased with the entertainment. But two more nights of the Murphy engagement remain, and all that wish to see the inimitable Joe should be on hand A splendid bill is offered to night

LECTURE —Rev Father De Cruena will deliver the second lecture of the course in aid of the Catholic Library, on the evening of the 24th inst, at St Mary's Church in this city The subject announced is an interesting one and the Rev gentleman is said to be an able and eloquent speaker

ELECTION —The following named gentlemen have been chosen officers of the Philharmonic Society to serve during the ensuing year President S J McCormick Secretary, E Quackenbush, Board of Directors, Dr J H Hatch Paul Richter, and S G Reed, Librarian, J F Johnson

WASHINGTON GUARD —At the last meeting of the Washington Guard it was arranged to have a grand anniversary ball on the 22d inst and preparations are being made with that object in view The Guard will hereafter have two drills each week until that date

THE AJAX —The steamer dropped down to the mouth of the Willamet on Saturday morning, with about one thousand tons of freight where she remained until five in the afternoon when she took the mails and passengers on board and left for San Francisco

TROUT FISHING — The season for catching trout has begun and we noticed several boys of larger growth wending their way yesterday morning in the direction of some place across the river, where it is said these fish can be found

THE MONTANA.—The *Montana* will probably leave San Francisco for Portland to-morrow.

NERVE Two dollars paid to the d g k ller for the de apitation of the canine that attacked a small lad n First street yesterday, biting him eligible and frightening him badly would be well expended

MEET T DAY —The U ited States District Co rt will meet at ten o cl k this forenoon The County Court will meet at the equa hour The County Commissioners will meet on Wednesday next

F E LECTURE —A lecture was out t the lec ture n the Inspiration f spiritualism last night The speaker said Spir tual em had been erucified but that the fur al was only a sham

CONCERT The Missionary Concert at the Methodist Church yesterday afternoon was largely attended and the audience seemed well pleased with the exercises

VALENTINES —McCormick is supplied with a large ass rtment of those missives, which he is offering to everybody who wishes to celebrate the coming fe urteenth

MELTED SNOW —The last number of the Salem *Statesman* says We learn that the question is being agitated of starting a medical school at Portland"

ON THE CARS —A lot of apples was brought down fr m the orchard of Mr Hunsaeker, on the Clackamas, by the East side Railroad on last Saturday

PERSONAL —His Excellency Gov Woods and family arrived from Salem on Saturday last They are stopping at the Occidental

VACATION —The students of the Portland Academy and Female Seminary are to enjoy a vacation during the present week

STILL MENDING —Mr Ladd is still growing slowly better, and may be able to get around in two or three weeks

MUSICAL —The crowd on the plaza last Saturday was large, and the music by the military band splendid

INSTALLATION —The officers elect of East Portland lodge of Good Templars will be installed this evening

GOT OUT —The bark *Live Yankee* has at last gone to sea She crossed the bar on last Friday

AT HILLSBORO — The Democrats will hold a mass meeting at Hillsboro on the 26th of this month

OREGON

The Albany *Democrat* has been moved into a fire-proof brick building. Probably preparing to get "red-hot."

Toh members of the Christian Church are to commence a protracted meeting at Albany on Saturday, the 12th inst.

The Albany *Register* says the railroad prospects have rapidly advanced real estate at Albany—in some cases more than one hundred per cent.

The *Scio News*, Linn county, has made its appearance It is to be independent in politics. Published by H H. King, at $1 50 per year

From the Salem *Statesman* The firemen will have a ball on the 22d inst ... Gov. Woods has pardoned Herman Judell, sentenced for larceny

From the Albany *Democrat* Arch Rader, upon being released from jail upon habeas corpus, was immediately arrested upon a charge of forgery Last Wednesday Dr Tate extracted a piece of needle about an inch in length from the breast of Miss Adah Mondenhall, where it had lain for three years

The *Press* says "A private correspondent states that the celebrated Boston Quintet Club is coming to the Pacific coast in May It is probable that it will visit Oregon before it will return east This club enjoys the reputation of containing the best musical talent in the United States. It has a world wide fame"

From the Salem *Press* The typhoid fever is prevailing to an alarming extent. Several deaths have occurred John Moore for giving liquor to J M Curley, a common drunkard, was fined $20 and costs The Christian Church has paid up its debt The Hotel Company has purchased a site at the corner of Commercial and Ferry streets for $6,900... ...Large quantities of freight still remains at points up the river

Letter from Walla Walla

THE WINTER—MINING AFFAIRS—THE MINING TRADE —LOCAL MATTERS

WALLA WALLA, Jan 29th, 1870

EDITOR OREGONIAN

We have had an unusually fine winter thus far—very little snow, and no severe cold weather, and from what I can hear there is a light fall of snow, comparatively, in the mountains This is to be regretted, because this whole country is depending so much upon the successful working of the mines. When the mines pay all kinds of business is prosperous and money is plenty. There has been a great falling off in the yield of gold throughout Montana, Kootenai and Eastern Idaho We have a large proportion of population who are professional miners, who, having mined so long, they are not fit for any other occupation, many of whom are now broken in spirit and purse too

The new mines on the Missoula river are at this time attracting attention, and quite a number have wended their way thither to retrieve their lost fortunes, and replenish their purses They are reported as fabulously rich. It is to be hoped that the reports that reach us daily are true, and that their highest anticipations may be realized This excitement may lead to the discovery of more extensive gold fields in the Coeur d'Alene mountains adjacent to Cedar creek, the seat of the late discoveries There is a vast district thereabouts yet unexplored, which have all the outward indications of a gold country Mines in that country would prove valuable, because the water is plenty, and the country is of easy access from the other side

A big effort will be made by the people of Montana to control the trade of the new mines but as bacon in the Atlantic States is high and bread stuff too, we may be able to compete with them in the supply of those necessaries In the line of dry goods and groceries they have that market under their control, and can defy competition for all time to come On the Eastern slope of the Rocky Mountains greenbacks rule, and gold dust is only taken for what it is worth and the people on the western slope are fast coming to adopt the same standard in monetary matters —We are now enjoying a season of freshets Mill Creek has been very high for the season and some damage has been done to property I T Reese had the bulk head above his mill carried away, and the earth made part of his flume damaged to the amount of several hundred dollars, and the mill of Schueltz & Co had a few rods of their flume damaged The latter was damaged by reason of the dam of I T Reese giving way, which caused nearly all the water to flow down the old channels

Business has been dull here for the past month but the time is drawing near when there will be quite an exodus from here to the new mines and to the Shasta country There is said to be plenty of snow four feet deep in the latter

Flour is selling for $" off retail and $ n at 18 cents wh lesale in this market The quantity of bac n is limited—flour is plenty

Respectfully yours OBSERVER

The c loth ing is re pleasing to Son and Parent than a neat fitting and good suit of cl thing They ju n such a suit to found is at Kohn & Fisher s N W F nt street Such suits are all cust mad Th st ck f cl th & le the largest in the city and will be found well worthy an examination to make s lections from their extensive St ck to choose from

NORTH PACIFIC RAILROAD —Recent advices from that there is no doubt the ... ing d n figures as to induce many persons to refine will do well to call soon and subscribe for the few remaining shares in the Puget Sound Homestead Association Subscriptions can be made at the office of the Secretary Mr Washington street corner with Mr Conklin's Grocery Store

LOST —J W Campbell has from the new Patent Bed Bottom manufactory of Messrs Jansen & Co the Patent Cabinet and Carpenter shop on the corner of Morrison and Front streets Although but recently introduced the Misses in Bed Bottom is fast coming into general use and is giving general satisfaction Come and see it jy6d1m

What the Miners say of Hostetter's Stomach Bitters.

During the season when the Gold Harvest is generally suspended and the rewards of the glittering crop seek the cities to enjoy themselves there is, of course a good deal of conviviality among this enterprising and hard working class; but dram drinking is not carried to the excess it was some years ago This may fairly be attributed to the distaste engendered by the use of HOSTETTER S STOMACH BITTERS This famous stomachic is in universal favor with the miners They take it with them to the interior and use it regularly not as a beverage, but as a strength sustaining tonic and an antidote to the unhealthy influences to which they are exposed in the localities where they labor and on returning to the cities and towns, they find its refreshing and invigorating properties the best safe-guard not only against the disease but against the dissipation of crowded communities It is one of the peculiar ities of the preparation that it is an antidote to inebriety Those who take it as an appetizer and invigorant, have that they have no desire whatever for liquor of any description and whatever fanatics may think to the contrary HOSTETTER S BITTERS is a powerful ally of the temperance cause It is because an medicated alcohol weakens the stomach and nervous system by its reaction that it begets a craving for itself It excites, and when the excitement passes off debility ensues, and more fuel is needed to renew the artificial fire that has so to speak, burnt itself out But the effect of the great vegetable tonic and alterative is to invigorate the system permanently and healthfully

THE PEOPLE SAY

That PRATT S ABSORBINE PILLS is the best remedy in the world for the complete and speedy cure of Rheumatism, Neuralgia, Lame Back, Gout, Chilblains, Sprains, Bruises, Stiff and Swollen Joints Contracted Cords and Muscles, Pains in the Breast and Sides, Nervous Headache Tooth ache Earache, Sore Throat Colic Cramps, Cholera Morbus, Diarrhœa and all internal and external aches and pains Put up in two sizes—Price 50 cents and $1 00 Circulars with full directions around the bottles For sale by all druggists

What the Hon W F Ballou says about the King of Pain

SAN FRANCISCO, Dec 7 1869.

Dr J J McBride—Having suffered with sciatic rheumatism some months I was induced to use your King of Pain I take pleasure in recommending it to those afflicted with rheumatism I know several cases of neuralgia that have been cured by using it

W T HALLOR Elko Nevada.

Card from Harbor Master

SAN FRANCISCO Dec 2, 1869

To Dr McBride—This is to certify that I have been troubled with neuralgia in my right arm and hand for the past three months, and although I have had medical advice and tried a number of remedies none has relieved me until I tried Dr McBride's King of Pain which has done me more good than all the other remedies I have tried JAMES S HOUSEMAN

TELLS YOUR DISEASE WITHOUT ASKING ANY QUESTIONS!

A CARD.

SAN FRANCISCO, Oct 16 1869

DR McBRIDE—My Dear Sir For the last six or eight years I have been afflicted with rheumatic pains, from my knees down embracing all the joints of ankles and toes These pains have come upon me periodically at every year about this season of the year My knees and ankles and toe joints and my wrists and finger joints would swell and leave me in the most agonizing pain known only to those who have suffered from this dreadful malady These pains would continue for a period of from three to four months every year, and they have been regular, unfailing annual visitors I have been accustomed to apply for relief to the best citizens of San Francisco, and have failed to receive all the popular remedies known to the public. I would sometimes receive temporary relief after long, continual application but it would never fail to return in a few days with increased severity

About two weeks ago, while my pains were upon me I saw you at the corner of one of our streets, and heard what you said about your "King of Pain" I confess that I listened to you with deep distrust; indeed I may say that I did not believe your statements I thought I, it is only a dollar and I'll patronize the humbug one dollar's worth I bought a bottle and tried it first on my knee which was fearfully swollen and from which I suffered very severely The second night I tried it again, and my dear Doctor you can judge of my surprise ecstacy and delight, altogether, when I found on rising the second morning that my pains were entirely gone and the swelling entirely disappeared My knee joints were as supple as when I was young I actually danced with delight, much to the amusement of my friends who had been in the habit of regarding me as a decrepid old rheumatic It has now been two weeks and I have not felt the least symptom of return I believe I am cured, and I feel so grateful to you that I offer you this statement, verified by my oath, to be used by you in whatever way you may think proper and I feel it a duty to let others similarly afflicted know where they can find relief

I am yours very truly RAPHAEL COOKAINE

TO THE PUBLIC

Grateful for the eminent services of Dr J J McBride I cheerfully make a statement of the following facts For twelve months I had suffered from a prostration of the nervous system resulting in partial paralysis and almost total loss of sight A score of physicians had examined my case as hopelessly incurable I had ever heard my days numbered by doctors and friends In the beginning of my neuralgic pain I bought the great King of Pain Seeing that he claimed in more than one hundred cases to cure rheumatism I had but little faith in it, but concluded to give it a trial I had to be led to the store and back to my room, so severe was the pain I had not used the first bottle before I could see a change for the better, and by the time I had used the second bottle I had regained the use of my arm and walked quite an ordinary gait My strength had returned while all the aches and pains my constant companions were dispersed and gone. It is now ten days since I ended the treatment with Dr McBride and I can say unhesitatingly that I am restored as I could not have expected to have been in so little time My eyesight is most perfectly regained, my whole physical system invigorated and no doubt health

My residence is in Reading and business at No Cambridge street In this city where I will with much pleasure answer in person for the truth of the foregoing to any one interested

PORTLAND LIBRARY.

Report of the Librarian.

PORTLAND LIBRARY ROOMS, }
Portland Oregon, January 1, 1870 }

To the Directors and Members of the Portland Library Association—GENTLEMEN: I have the honor to submit the following report of the statistics and operations of the Library and Reading Rooms for the year 1869.

The total number of books loaned from the Library during the year was 10,847 which were classified as follows: Fiction, 7,391; miscellaneous, travels, 851; science, 368; history, 519; poetry, 256; biography, 442; bound periodicals, 113; religion, 106. Total, 10,847. The whole number of books loaned during the year is 4,449 greater than in the preceding one, showing an increase of 69 per cent. which is certainly very promising as a proof that the people of Portland are awake to the knowledge of the many benefits and pleasures to be derived from a public library.

There have been added to the Library during the year 443 volumes by purchase and 64 by donation, which were classified as follows, viz: Fiction, 112; miscellaneous, 89; travels, 50; science, 36; history, 28; poetry, 31; biography, 33; bound periodicals, 125, religion, 23. Total, 507. The above volumes were purchased at a cost of $717 86, of this $717 86 only $160 42 or 22 3-10 per ct. were expended in works of fiction, yet 68 per ct. of the books loaned from the Library during the year were of that class.

The books added to the Library during the year are classified as above and arranged in the following departments, making the number in each section, 726; miscellaneous, 585; history, 364; science, 253; travels, 226; poetry, 168; biography, 1; bound periodicals, 425; religion, 110; jurisprudence and government, 62. Total number of volumes in the Library, 3,180.

During the course of the year the Association has been presented with valuable books, works of art, etc., as follows:

Boston Library.—Sixteenth Annual Report.
Buehtel, Jos.—Stereoscopic Views
Bushwiler, A.—Portland Directory for 1869.
Brackett, W. H.—Granville DeVigne by Guido.
Corbett, Hon. H. W.—Congressional Globes and other Public Documents.
Dendy, Hon. M. P. and L. H. Wakefield.—A large Photographic Panorama of Portland-on-Willamet.
Dennison, A. P.—A death warrant signed by Gen. Washington in 1782.
Davenport, I. A.—An original engraving by Hogarth, of John Wilkes.
Elliot, Rev. T. L.—Channing's Introduction to Ethics, Hall's life of Maximilian.
Failing, J. F.—Picture Nails.
Gilman, Capt.—Essex *Register for the year* 814.
Gillette, P. W.—Guthrie's Grammar of Geography.
Goldsmith, J.—History of Greece.
Ireland, D. C.—Ulica Almanac for 1820.
Kelly, Mrs. J. K.—Hazlitt's Works, 5 vols; Memoir of Mary L. Ware.
McCormick, S. J.—Pacific Coast Almanac, and McCormick's Almanac.
Mechanics Institute.—Constitution and By-Laws, Annual and other Reports.
Prang, L. & Co.—Prang's Chromo Journal.
Smithsonian Institute.—Reports from 1854 to 1868; Miscellaneous Collections, 7 vols.
Upton, J. R.—Map of Portland, executed with pen.
Weninger, Rev. F. X.—2 vols. Church Literature.
Williams, J.—Statement of General Average.
Wakefield, L. H.—Paris, mounted on cloth, Edinburgh, mounted on cloth
Williams, Hon. Geo. H.—Congressional Globes and other Public Documents.
Wilson, Mrs. J. G.—Life of Judson, Gregory's Evidences of Christianity, Mammon, McCheyne's Life Letters and Lectures, The Jerusalem Sinner Saved, Cynthia Taggart's Poems, Memoir of Rev. Dr. Milnor, Doddridge's Rise and Progress, Evidences of Christianity, The Divine Life.

The several publishers of newspapers of this State and the adjoining Territories continue to furnish us gratuitously with files of their publications.

The whole number of members at present belonging to the Association is 256, classified as follows, viz: Life members 1, Honorary members, 14, Subscribing members 241. Showing an increase of 1 Honorary and 97 subscribing members since my last Annual Report and with a due amount of exertion on the part of the officers and members of this Association, the list of members will be swelled as large this time one year hence, and there is nothing but a will wanting to accomplish this. Looking still to the future, you can, in a few years, as your city grows larger, with a continued, harmonious action, laying aside all petty personal and sectional differences of opinion, and working for the welfare and best interests of all, build a library here that will be an honor to the city, and a monument to your names that will be pointed to with pride by the generations that are to come after you, as a proof of the noble greatness of those who have gone before.

All of which is respectfully submitted.

LYLE W. GILLILAND, *Librarian.*

President's Annual Report.

To the members of the Portland Library Association: On behalf of the Directors of the Association and in obedience to the requirements of our *Constitution*, I have the honor to submit for your consideration the SIXTH ANNUAL REPORT upon the affairs and progress of the Association.

FINANCES OF THE ASSOCIATION.

From the report of the Finance Committee (William S. Ladd, Chairman) I condense the following statement of the finances of the Association for the year 1869:

RECEIPTS.

Quarterly dues	$2,352 75
Initiation fees	78 00
Fines	141 55
Bonds	140 00
Lectures	286 00
Subscriptions to furnishing rooms	690 00
Sale of newspapers, etc	24 50
" furniture	17 00
" catalogues	11 00
" books	4 88
	$3,115 65

EXPENDITURES.

Paid for books	$572 71
" Newspapers	169 42
" light and fuel	225 76
" rent	350 00
" Librarian and incidentals	1,243 07
" furnishing rooms	1,323 90
	$3,979 80

Liabilities of the Association on December 31, 1869, $264 15. For the quarter ending March 31, 1870, there has been collected dues to the amount of $588.

The Committee suggest that the Librarian be required "to strictly enforce the payment of all fines incurred by the members of the Association."

The suggestion of the Committee is a very proper one, but I am pleased to state in this connection, that this duty has been quite well performed within the past year. The rules of the Association are peremptory that no member shall be entitled to the privileges thereof who is in arrears for dues or fines. In regard to the enforcement of this rule, I quote a paragraph from the annual report for 1868.

"The Library Committee, supported by the Board of Directors, have insisted upon the fair and impartial enforcement of the rule, and it has been done. To admit of its relaxation in favor of one member or in a particular instance, would render its general enforcement impossible. Without it the Library shelves would soon be emptied of their most popular and interesting books."

The Finance Committee also report that "they have carefully examined the books, accounts and vouchers of the Recording Secretary and Treasurer" and find them correct and well kept.

The dues and fines collected in 1869 are in excess of those of 1868—the former by $685 75, and the latter by $54 95; and of 1867, the former by $895 75, and the latter by $71 60.

The amounts paid for books and newspapers in 1869 are in excess of those of 1868—the former by $85 15, and the latter by $12 42, and of 1867, the former by $196 98, but the amount paid for newspapers is less by $43 66. The expenditure for newspapers for 1869, is in fact only down to July 29, and the bill for the remainder of the year is still outstanding. The item of newspapers includes also magazines, and the Library Committee expected to expend $400 the past year for them alone.

On April 7, 1869, the Directors repealed the by-law imposing an initiation fee, which account for the smallness of the receipts from that source. The fee had already been reduced from $5 to $2, and the Board in doing away with it altogether, acted upon the impression that it was a barrier to membership which caused more loss than gain to the Association. I think experience has justified the wisdom of their action in this respect.

Where it is an object to limit the membership of an association to a certain class of persons, initiation fees may be a very proper means to that end, but as a revenue measure, in proportion to their amount, they are comparatively unprofitable. Herein I append the tables of receipts and expenditures for the years 1867-8, taken from the annual report of the latter year:

RECEIPTS FOR 1867.

Quarterly dues	$1,497 80
Initiation fees	150 00
Fines	69 30
Bonds	410 00
Sale of books and newspapers	3
	$2,130 10

DISBURSEMENTS FOR SOME PERIOD.

For new books	$ 275 71
Newspapers	142 42
Light, fuel, etc	225 76
Librarian and incidentals	350 00
Rent	1,243 07
	$2,247 15

RECEIPTS FOR 1868.

Quarterly dues	$1,797 80
Initiation fees	135 00
Fines	80 25
Sale of newspapers	12 40
Sale of books	43 65
Sale of Catalogues	21 00
Rent	300 00
	$2,390 10

DISBURSEMENTS FOR SAME PERIOD.

For books	$ 457 61
Newspapers	147 00
Rent	500 00
Light and fuel	225 80
Librarian, incidentals	951 41
	$2,304 82

BOOKS.

During the year 1869 there was added to the books of the Library, by purchase, 443 volumes, and by donation, 64 volumes. Among these there are 36 volumes of The Annals of Congress, and 62 volumes of the Congressional Globe, classified in the report of the Librarian as "Bound Periodicals." This gives the Library almost a complete history of Congress, and we expect to supply the lacking volumes during the present year. The cost to the Library of the purchased volumes is $717 86. The Congressional Globes were purchased on a long credit for $150

During 1869 the Library loaned 10,847 volumes, classified by the Librarian as follows: Fiction, 7,391; Travels, 851; Miscellaneous, 701; Science, 368; History, 519; Biography, 442; Religion, 106; Poetry, 256; Bound Periodicals, 113.

Books loaned in 1869 in excess of 1868, 4,449 volumes; and of 1867, 7,470 volumes. Volumes added to the Library in 1868, 507, in 1868, 229, and in 1867, 435. Total number of volumes now in the Library, 3,180.

Owing to the limited supply of funds applicable to the purchase of books, little else can be done than to keep up with the current publications of popular authors, and sometimes hardly this. In addition, we ought to be able to expend at least $300 a year in the purchase of standard works, while it must be admitted that the first need of a public library, which is mainly supported by subscription or dues, is a full supply of the current literature of the day, however light or heavy, it is equally important that we should be gradually accumulating a stock of standard and rare works, such as will attract to us the attention, sympathy and support of students, scholars and men and women of thought and research. The publishers of newspapers in the city and country still furnish the Library with copies of their respective publications free of charge.

A number of persons, members and otherwise, have presented the Association, with books, pictures and curiosities during the year. Particular notice is made of them in the Librarian's report.

MEMBERSHIP.

The whole number of members belonging to the Library is 256. Of these there are, life members 1; honorary members 14; subscribing members 241; subscribing members for 1869 in excess of 1868, 97, and in excess of 1867, 110.

Although it may be thought by some that the number of subscribing members might be increased, I am inclined to think that our present membership is as large as we can expect with our population. The ratio of subscribing members to the population of the city is now much greater than in other cities. In round numbers we have now one member for each 40 of the population of the place. In 1865 the Mercantile Library of San Francisco had about one subscriber to each 100 of the population of the city, and I do not think the ratio has increased since.

ROOMS.

Since your last annual meeting we have removed to our present handsome and commodious suite of rooms. They have been tastefully furnished, as you see, at a cost of $1,328 90. Of this amount $690 was raised by subscription and the remainder was paid from the current receipts. The committee on rooms (Mr. Charles E. Calef Chairman) are entitled to much credit for the judicious and economical expenditure of this money and for the care and trouble they bestowed on the selection and putting in the furnishings.

As you are aware, a large of these rooms for three years from March 1, 1869, has been generously presented to the Association by Mr. William S. Ladd. Much of the increased interest which has been manifested in the Library for the past year may be justly attributed to the enhanced facilities and attractions furnished by this means.

It should be remembered by the Association, that if we were obliged to pay rent for these rooms, it would add, not less than $1,200 or 1,500 to our current expenses. Where it would come from with our present resources, I am unable to say. Yet within the next two years we must meet this question, and answer it favorably or the Association may as well contemplate its approaching dissolution.

METEOROLOGICAL OBSERVATIONS.

An arrangement is about consummated between the Mayor and Common Council of the city and the Association whereby the latter agree to keep a meteorological record for the coming year, upon the plan of the blanks furnished by the Smithsonian Institute for $15 per month. The Council are to furnish the proper instruments and stationary and the Librarian is to make the observations and record them, and in consideration of this extra labor the Directors have agreed to allow that officer an increase of $15 per month on his salary.

I think the Common Council were not very generous in their allowance to the Association, and hope they may yet see the propriety and fitness of doubling it.

I regard this as a matter of some importance to the standing and character of this city. Now-a-days, by such means as this a town gets its name and locality into scientific reports, papers and books, and is thereby introduced to the world and becomes known of all men.

Besides, if we were at the pains to keep and publish an authentic weather record, our wholesome, temperate and agreeable climate could not be successfully caricatured and depreciated abroad, as is now too often the case.

AMENDMENT OF THE CONSTITUTION.

At the January meeting of the Board notice was directed to be given of a proposition to be submitted to this meeting of the Association, to amend Article 2 of the Constitution on the subject of membership.

The special feature of this amendment is that, which provides for dividing the subscribing members into yearly and quarterly members, and requires the former to pay annually in advance the sum of $25 and the latter to pay quarterly in advance the sum of $3 per quarter. The power of voting to be confined to yearly members, but the quarterly members are to be eligible to office and entitled to all the privileges of the rooms and books. The amendment also provides that the wife and minor members of the family of a member shall be entitled to the privileges of the Library rooms and to take out books on his account.

At present the Constitution does not allow this, but the Directors have taken the responsibility of tolerating it.

The truth is, we need more money annually to expend in the purchase of books. We ought to be able to expend $1,000 a year *for this purpose alone*. But we cannot expect to increase our income with our present rates. The proposed plan offers an inducement to members to increase their annual dues, while at the same time it secures to those who do not feel able or willing for any reason, to incur such additional expense, the benefits and privileges of the Library for the small sum of $1 per month

There is good reason to believe that if this scheme is adopted, the receipts from dues alone will be increased, at least $1,000 per annum. I am also satisfied, that by increasing the dues of the voting members, you will be putting the practical ownership and control of the property and conduct of the Association on a sound and sensible business footing. We must look forward to paying or providing for $1,000 a year rent within the next two years. To maintain this Library and keep it up with the growth and wants of the community you must have more other resource than the mere fare. I your books. Adopt this plan at once, and you offer a guarantee for the prudent and permanent conduct and ownership of the affairs and property of the Association. With it, we may confidently rely upon contributions from our wealthy and liberal citizens to build up an institution and property which shall be an honor to Portland and a benefit to the community.

DIRECTORS AND LIBRARIAN.

During the last year, no changes have taken place in the Board, and the Directors have generally manifested a lively interest in the progress and well doing of the Association.

At this meeting you will be called upon to elect two Directors for the full term of two years, in the place of Messrs. C. H. Lewis and L. H. Lewis.

The Board still retain Mr. Lyle W. Gilliland as Librarian and R. corling Secretary at a salary of seventy five dollars per month although his duties have very much increased since he became Librarian in February, 1867. Each of the terms is not far distant when we will require the aid of an assistant librarian. In conclusion it gives me pleasure to repeat what was said in the annual report for 1868,—"Mr. Gilliland has been faithful and diligent in the discharge of his duties."

All of which is respectfully submitted

MATTHEW P. DEADY,
President Portland Library Association

Portland on Wallamet, Feb 5, 1870

[The foregoing amendment was adopted by the meeting, the vote being 29 for and 2 against.]

FINANCE AND COMMERCE.

PORTLAND, Feb 5, 1870

Latest Rate Exchange on San Francisco 3-4% buying and 1% selling.

Portland Legal Tender rates 93½ buying, 93¾ selling.

The last day of the week finds business reviving a little somewhat, and dealers in better spirits. The movement of produce at the seaboard is in excess of former years, and though rates are not such as to leave a great margin for producers or shippers, still the activity with which they are taking advantage of the markets, and the good condition of the produce shipped will surely make an impression in the purchasing marts, which will tend still further to establish the reputation of Oregon in commercial circles. Our dispatches to-day, we will observe, indicate a further decline in the Liverpool wheat market. This may possibly affect in corresponding reduction on this coast. We are again reminded that England cannot be considered a regular consumer of our products, and we must look to those countries nearer home for the market for our surplus grain

The receipts of produce continue in large quantities, and as fast as sea-going vessels arrive they are carrying it away. The *Ajax* sailed for San Francisco to-day, with a very large cargo of wheat, flour, moss pork and other products of our State. These heavy shipments in that direction speak well for producers. The bark *Alma* continues to receive freight for the same port, and will have dispatch as soon as her cargo is completed

Liverpool, New York and San Francisco Markets.

[BY TELEGRAPH.]

SAN FRANCISCO, Feb 5, 1870

Gold—12[illegible]
Sterling 10[illegible]
United States five twenties 104¾@104⅞ for June 1862 1867.
Legal Tenders to this market quotable at 82½ buying, 83½ selling.

In New York to-day California flour and wheat reported steady at $6 50@9 50 for former, and $1 40@1 50 for latter.

Sales at San Francisco stock board for the past week aggregate 907,606

Public telegram quotes California wheat in Liverpool to-day at 8s. 1d., a decline of 1d. Private telegrams give figure at 8s. 10d. Market closing very weak, with downward tendency. These are the lowest figures for at least four years. Wheat can now be purchased at Liverpool 2s. per quarter lower than present cost, to lay down in that market at 52 freight. As some cargoes now arriving pot were taken at 53 freight, the loss to shippers is quite largest fortunately most of those cargoes were on foreign account.

Demands for duties for the week ending to-day, $191,092 25. Previously this year $335,188 84, total since January 1st, $526,887 10.
